These numbers can be set up as a group, so you have access to organise replacement players when you are short. The printed version of the above table will be on display at the club in the glass cabinet.

We are also working towards putting a list together of registered Spare Players, when we have this a copy will be supplied.

Duties;

1. To organise your team to ensure the games can be played, this includes when you are short you will need to make contact with the other captains asking for the availability of spares.
2. Forfeits should only occur for absolute emergencies so it will be captains who are responsible for finding the replacement
 - a. Please refer to "Rules of the Game" (g)
 - i. "If a team does not have enough players and need to forfeit the game, the Captain must phone the opposing Captain by 6pm and advise of a forfeit. Otherwise the forfeiting team pays for both teams' game fees."
3. On game night Tuesday captains are required to organise for all boards to be taken off & moved to the next cabinet. Wednesday night captains are responsible for organising the rotating of the boards two black segments to the right.

4. Collecting game Fees before start of play so they are available to the treasurer once play begins.
5. Ensuring the Rules of the club are adhered to i.e. Dress Code, Behaviour including the use of bad language etc. The Rule Book is displayed, however if you require your own copy, we can email you a PDF Version.

Note:

We are also looking for your input on how we can improve the running of the games to ensure no extra work load is put back on the committee or any one individual.

Please let us know if any suggestions or if the information is incorrect.
